

DCRP 60th Anniversary Reunion Schedule of Events

Friday, September 22

1:00 – 6:00 pm

Check-In/Registration – In the Reunion Tent on the grounds behind New East.

3:00 – 5:30 pm

Hospitality – Light hors d'oeuvres and soft drinks in the Reunion Tent.

3:00 – 4:00 pm

Student Poster Session – Featuring the work of our MRP students. Posters will be on display in the New East vestibule, Chapin Library, and on the third floor landing. They will also be available for later viewing in New East 101.

4:15 – 5:15 pm

Student Panel – Ph.D. students discuss their work in New East 102.

5:30 – 7:00 pm

Opening Reception – Featuring “South of the Border” fajita bar, wine, & beer in the Reunion Tent. Catch up with friends, and mingle with students, faculty, and staff.

7:30 – 9:00 pm

Siler Lecture – Martin Eakes, founder of Durham-based Center for Community Self-Help and 2005 Tarheel of the Year, delivers the public keynote address in Murphy Auditorium.

Saturday, September 23

8:30 – 9:00 am

Check-In/Late Registration outside Murphy Auditorium.

9:00 – 10:15 am

Land Use Planning Plenary – Session covers the evolution of the field through the lens of five editions of *Urban Land Use Planning*. Featuring authors Stu Chapin, Dave Godschalk, Ed Kaiser, and Phil Berke. Moderated by Daniel Rodríguez. In Murphy Auditorium.

10:30 – 12:00 pm

Concurrent session

Predatory Lending Panel – North Carolina is an acknowledged leader in addressing predatory lending. Since introducing anti-predatory lending legislation, North Carolina has seen a dramatic reduction in abusive sub-prime lending and refinancing, without restricting access to or increasing the cost of loans to borrowers with imperfect credit. Siler Lecturer Martin Eakes, former DCRP Chair Michael Stegman, and Community Reinvestment Association President Peter Skillern (MRP ‘91) will review and examine current legislative proposals. Moderated by Roberto Querica. In Murphy Hall.

10:30 – 12:00 pm

Concurrent session

Hurricane Katrina Panel – What urban planning lessons have we learned in the aftermath of Katrina and recent North Carolina hurricanes? Key issues relating to land use and reliance on protective barriers will be explored in the context of experiences in New Orleans. Philip Berke and David Moreau will lead these discussions using material that they have published on the subject. Although North Carolina is exposed to nearly the same risk of hurricanes as New Orleans, a much broader array of mitigation options exists in this state than in New Orleans. Reflecting on his extensive work in the field, David Brower will lead a discussion on the options North Carolina has chosen. Moderated by David Moreau. In Murphy Auditorium.

12:00 – 2:00 pm

Lunch/Free Time – Stroll down Franklin Street and visit one of the many wonderful area restaurants.

2:00 – 4:00 pm

Concurrent tour

Tour I – Carolina Campus – Walking tour of areas that have been recently developed in accordance with the Campus Master Plan. The tour will highlight efforts to preserve historic character, mitigate environmental impacts, and incorporate LEED high performance buildings.

2:00 – 5:00 pm

Concurrent tour

Tour II – Durham Urban Redevelopment – Van tour of downtown Durham including the American Tobacco Historic District and the Durham Athletic Park (home of the Durham Bulls AA baseball team).

6:30 – 7:30 pm

Social Hour at the Kenan Center.

7:30 – 8:00 pm

Presentations – DCRP Chair Emil Malizia delivers a department report and recognizes alumni who have been honored with national awards (featured alumna, Shirley Weiss, MRP ‘58).

8:00 – 9:30 pm

Dinner at the Kenan Center.

Sunday, September 24

9:00 – 10:30 am

Alumni Association Meeting in New East 102.

10:30 – 12:00 pm

Brunch served in the Reunion Tent.
